

Autism Consultant Partnership 2021

Autism Queensland's Autism Consultant Partnership service is available to schools and early childhood settings seeking on-going and regular support from a consultant with expertise in Autism Spectrum Disorder over a minimum of 39 weeks within a 12 month period.

Your Autism Consultant can:

- Provide direct support for students with ASD including individual support and group programs (in collaboration with school staff)
- Provide coaching and mentoring of school staff
- Assist in the development of Individual Plans and Positive Behaviour Support Plans
- Assist with planning curriculum adjustments
- Design, implement and monitor environmental adjustments in collaboration with school staff
- Provide education to the school about ASD
- Collaborate with school based therapists and psychologists
- Support parents in understanding their child's specific learning needs.

Please note the Autism Consultant is **not permitted to** replace a school teacher in the classroom or carry out playground duties (although observation of or work with a student may take place in the playground if appropriate).
