CONSULTANCY SERVICES

Available to early childhood settings seeking individualised support from a consultant with expertise in supporting success for neurodivergent and autistic children, their families, and the staff supporting them.

Our service provides you with:

- Coaching, mentoring and specialised training.
- Guided practice in your setting with professional conversations and a reflection on practice.
- Resource growth and development.
- Provide education to your staff and setting about autism, neurodivergent learners and universal design for learning.
- Web-based and/or face-to-face services.
- Travel options: we will come to you at your kindergarten, child care centres, daycares, outside school care, early childhood services etc.

"This program has not only helped us grow as educators, but as a centre bringing a holistic, inclusive approach to learning."
