SPEECH PATHOLOGY

STATEWIDE DELIVERY
IN-PERSON OR VIA
TELEPRACTICE.

An AQ Speech Pathologist can support:

What's involved? We'll assess your/your child's communication and mealtime strengths/challenges, and social interactions. Activities and observations will highlight key areas for growth, leading to tailored goals and planning that support meaningful participation in everyday life.

You can access these services in-person, via Telepractice, at home, or in community settings. Please note: fees and waitlists apply; NDIS funding may be used if applicable.
