

Edstart Plus

Edstart Plus is a school fee management service to streamline the fee process at Autism Queensland and provide you with more flexibility with your payments.

How it works

As well as paying upfront directly to your school, you can spread your fee payments across the school year at no cost to you.

Once you're up and running with Edstart, you will have an account with us that will be used for your school fee payments. You'll be able to tailor payments based on the schedule that best suits your needs.
