

Project Overview

# Connections for Young Women

**Do you live in Jimboomba, Beaudesert, or Flagstone?**

We want to hear from young autistic women (age 15-30), & parents / carers or service providers supporting them.

**One-on-one & small group sessions** to share and feel heard.

**Facilitated by autistic women:** creating a safe, supportive space.

**Your time is valued:** session participants will **receive \$50\***.

\* Not eligible for service providers.

We're looking to learn from your **real experiences** and **honest perspectives** on friendships, social connection, and community—what works, what doesn't, and what truly matters to you!

Groups run for **up to two hours**.

Alongside face-to-face sessions, additional flexible options are available (online survey or creative expression submission) to best represent your experiences and preferences.

An **online group** may also be available, subject to demand.

Light refreshments will be provided at face-to-face sessions.

**Sessions being held early-mid 2026** (venues to be advised after eligible registration):
